

Research group: Johan WOUTERS

Laboratory of Structural
Biological Chemistry (CBS)

Structural biological chemistry and
structure-based drug design

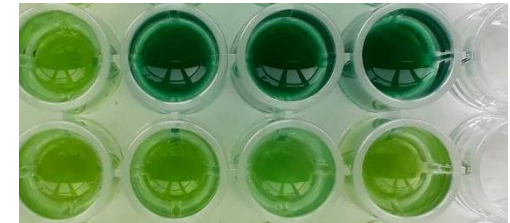

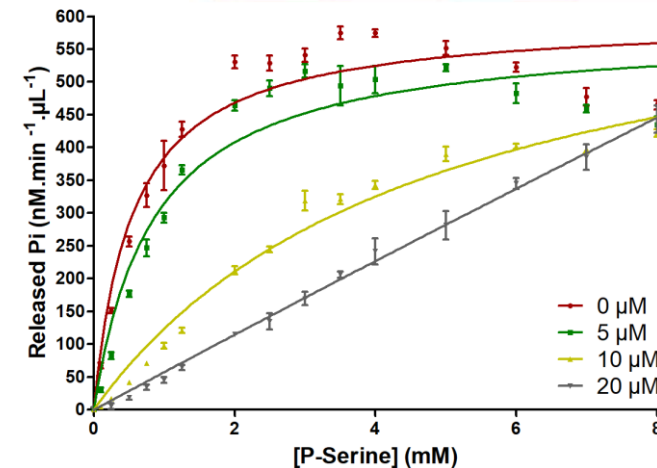

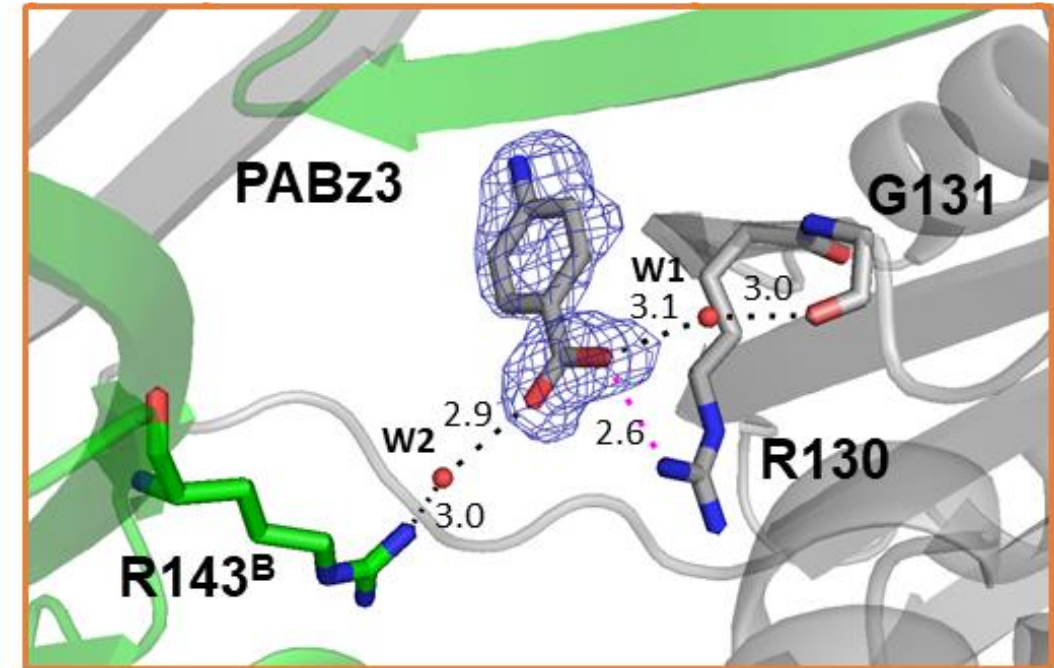

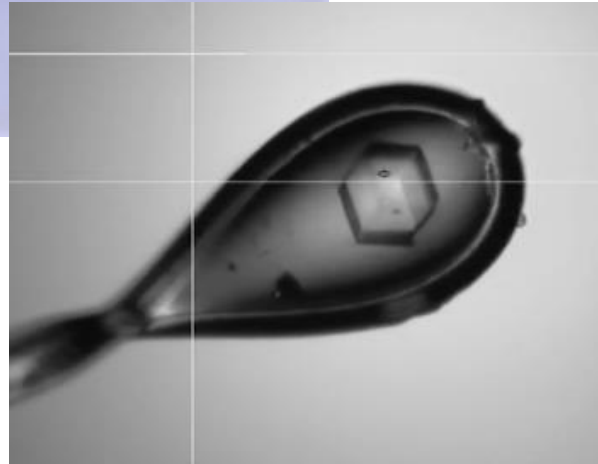

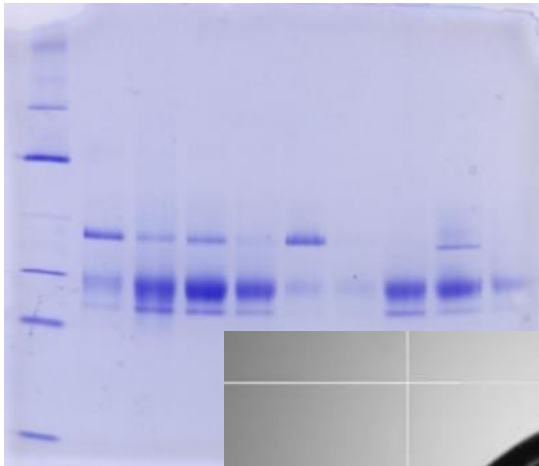

Gaining knowledge about the **3D structure**
of **protein** targets to accelerate new **drug**
discovery for the treatment of cancer and
infectious diseases

Research group: Johan WOUTERS

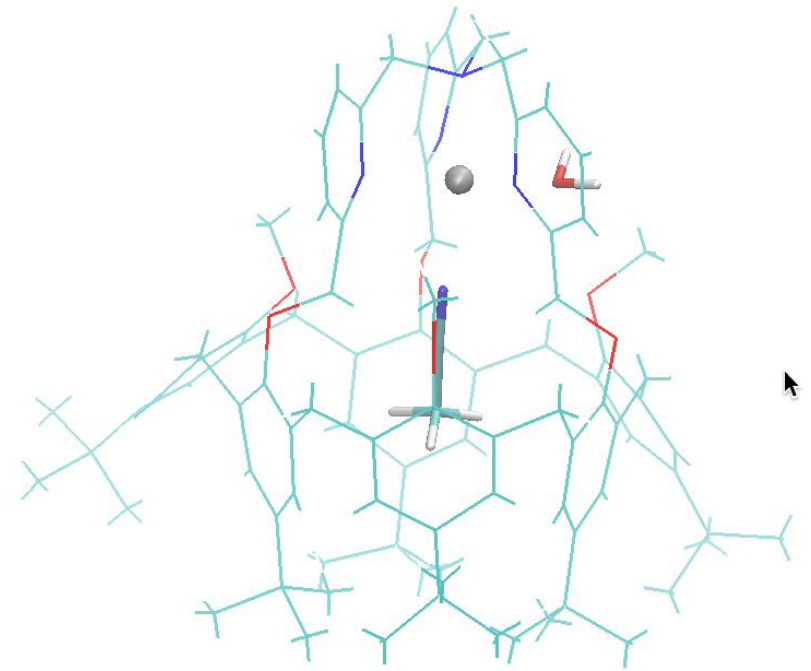

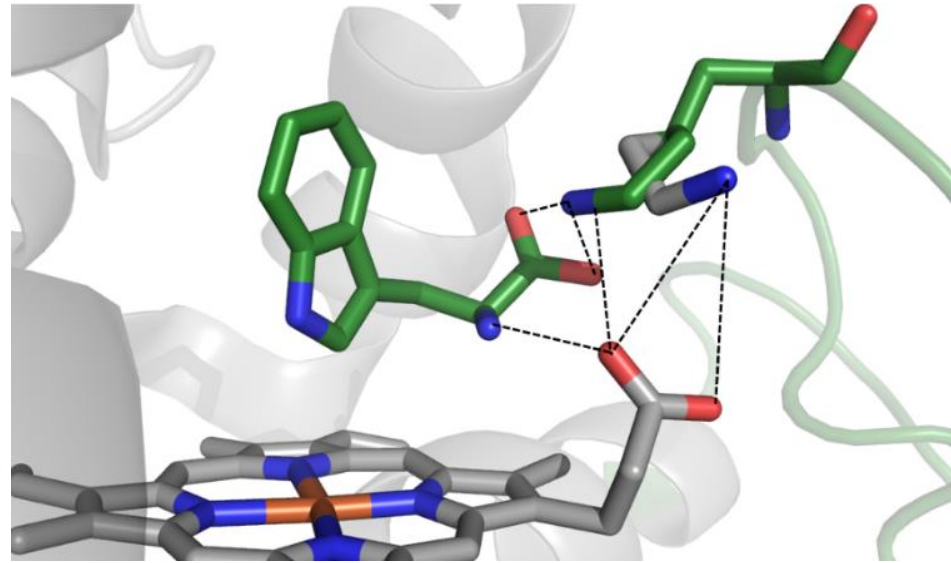

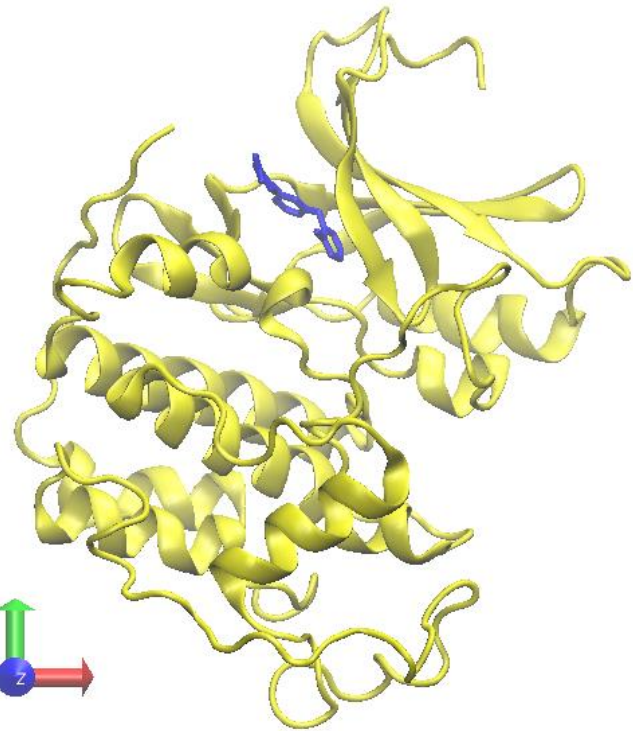

Protein purification, enzymology, crystallography

Research group: Johan WOUTERS

Molecular modelling, docking, molecular dynamics

Research group: Johan WOUTERS
